REMARKS

25X1

1. There was no flying at the Strausberg (N 53/V 15) airfield on 23 March 1950. A freight train, loaded with about 15 **engines** packed in boxes, arrived at the Strausberg-Vorstadt railroad station at 6:30 p.m.
2. Three freight trains, each of 8 to 10 boxcars, arrived at the air force depot on 25 March 1950. From 25 to 30 **engines** were among the shipment.*

25X1*

Comment: From previous reports it is assumed that **engines** of conventional aircraft types are stored in the Strausberg Air Force Depot. This assumption is confirmed by this report. The kind of **engines** cannot be determined.
